

Congratulations to the Class of 2020

We were delighted to see this year's A Level cohort build on their spectacular GCSE results from two years ago. Serena S is one of three students bound for Durham University, having scored A* in Maths, Further Maths, German and Physics.

Martha W is to read Medicine at Queen's Belfast. She gained 2A*s and 2As and still found time to reach grade 8 with distinction in her ABRSM examinations for both violin and voice.

Jess E has met her offer to read Psychology at Magdalene College, Cambridge with 3A*s and an A, while Isobel C, also with 3A*s and an A is exploring her options.

Joining Serena at Durham are Ben W to read Geology and Grace W to read Sociology, while Nat D, with A*, A, A is due to take up a place at St Andrew's to read History.

Another Historian, but with Japanese Studies, will be Leon B at Sheffield University, having scored A* and 2As.

These gratifying results, along with places at Bristol and Liverpool, make this a memorable year, but perhaps most gratifying is the number of students across the board who have fulfilled their ambitions to attend a university of their choice. Given the turmoil and uncertainty, it is inevitable that many students are involved in the various appeals processes and we will continue to support them every step of the way.

We hope that our students leave with fond memories of life in the classroom and beyond. When the time is right, we will welcome all members of the year group back to celebrate their life at St Bede's. Be happy, enjoy life and take every opportunity and please keep in touch. Once a Bedian always a Bedian.
