Careers Newsletter

May 2022

As we move to the end of the school year we're working to create a database of career speakers for 2022/3. Please fill in our career contact form (<https://forms.gle/hHdwtm8Bs6n2h9vZ7>) or email me (Mr Hepburn, shepburn@sbcm.co.uk) if you would like to share your career journey with our students.

Online opportunities

There are an increasing number of online career activities as employers are finding they can reach more people this way. Over the next few weeks, why not sign up for one of these? (Sessions are recorded if they clash with school or other commitments).

Event	Date / Time	Registration Link
Day in the Life (click here for all 8 sessions in this series) <i>Unifrog</i> 5pm: What's it like to work in the Armed Forces? 6pm: What's it like to work in Banking and Finance?	Monday, 20 June	Armed Forces Banking
How Engineering Can Save the World, STEM Ambassadors 9.30am: Eco-conscious engineering and you 2.00pm: Women in Engineering; the next generation	Tuesday, 21 June	Click here for both sessions
Maths4Girls Foundersfor Schools 4pm: Maths to save the world (environment) 4pm: Maths: to infinity and beyond! (transport)	Thursday, 23 June Thursday, 7 July	Maths to Save the World To Infinity and Beyond

Unifrog insight of the month

One of the great advantages of our Unifrog careers platform is that we can see which career areas are of interest to our students. The most looked at jobs by year group so far this year are...

- U6 - Neuroscientist
- L6 - Computer Games Developer
- U5 - Biomedical Scientist
- L5 - Investment banker
- U4 - TV Director
- L4 - Aerospace Engineer
- U3 - Photographer

Visit <https://www.unifrog.org/student/careers> to explore and select your career area!

LNAT support for future law graduates

With the increase in interest in legal careers in the school, we're starting a series of training sessions this week for Y12 students looking to take the Law National Aptitude Test later in the year. Anyone interested in this who has not already signed up should contact Dr McMonagle, Assistant Head of Sixth Form, as soon as possible.

Summer Job advice

Many of our older students will be looking for work over the summer - and with the unemployment rate at an historic low the chances of finding something both rewarding and useful for future careers are high. To help, click below to read some useful articles from Success at School.
